## Area of Rectangles ANSWERS

## Section A: Determine the area of the rectangles and squares.

Remember to give the units in in..$^{2}$, ft. $^{2}$, or $y d .^{2}$.

Section B: $\quad$ Check the rectangle or square with the largest area.

|  |  |  | 2) |  |  | 5 yd. $15 \mathrm{yd}.{ }^{2} \quad 3 \mathrm{yd}$. |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 3) |  | 56 in. ${ }^{2}$ | 4 | 5 ft . |  |  |

Section C: Find the missing measurement for these rectangles and squares.
