Compare Intervals of Time ANSWERS

Name: _____

Date: _____

Section A:

Look at how long Ray spends on each activity. Put the activities in order from least to greatest amount of time spent on each activity.

1. **Tying shoelaces**

2. **Brushing teeth**

3. **Reading a story**

4. **Watching a TV program**

5. **Eating dinner**

6. **A day at school**

7. **Having a good night's sleep**

8. **On vacation with family**

Activity	Time
Brushing teeth	2 minutes
Having a good night's sleep	11 hours
Reading a story	10 minutes
A day at school	6 hours
On vacation with family	1 week
Watching a TV program	Half an hour
Eating dinner	35 minutes
Tying shoelaces	20 seconds

Section B:

Check the activity that take the longest time in each pair. If you think they take about the same time, don't check either. The first one has been done for you.

✓ Watching a movie	Listening to a song	One minute	✓ One hour
