 Year: _____
 Date: _____

Perimeter of Shapes (B) **ANSWERS**

The perimeter of a shape is the total distance around the outside of it.

Section A: These rectangles and squares are drawn on a 1 cm grid. Measure their perimeters. The first one is done for you.

Example:

$$2 + 4 + 2 + 4 = 12 \text{ cm}$$

$$3 + 3 + 3 + 3 = 12 \text{ cm}$$

$$2 + 5 + 2 + 5 = 14 \text{ cm}$$

$$5 + 4 + 5 + 4 = 18 \text{ cm}$$

Section B: These shapes were made using 5 cm sticks. Work out the perimeter of each shape.
